Conference

Prevention of child abuse

Speakers will cover the following topics:

Raising awareness of the dangers in a modern internet age while recognising the risks of abuse by those close to the child.

How to encourage survivors to come forward and how do we make the links to bring perpetrators to justice.

Work with children and young people—effective approaches.

Campaigning challenges

Reduction in recidivism through creating victim empathy in therapy.

20th September 2017

Speakers to be confirmed
